## *Why Did God Make Beasts and Bugs?*

Illustrated and Written by Lexi and Zoe Doukakis

Description:

A quick bed time story is simply not enough to get this little boy to fall asleep. For he has a BIG question that needs to be immediately addressed! The presence of beasts and bugs creeping and crawling outside has overwhelmed the boy with fear! He begins to wonder why God would make such things that scare him! But are they really as bad as he thinks? In fact, hasn't God made all things good? With the guidance of his mother, the boy embarks on a journey where he discovers another side to these scary creatures and, to his surprise, brings him closer to Christ. Author Zoe Doukakis and Illustrator Lexi Doukakis team up to demonstrate how even the unexpected things, like beasts and bugs, can become an opportunity to see Christ's love in all things!
